## DEHACO DTS FLOOR STRIPPERS

Dehaco floor strippers are highly professional and easy to use stripping machines for efficient and easy removal of all types of flooring. One of the strengths of these Dehaco floor strippers is that the substrate remains in excellent condition.

The "walking versions" DTS100 and DTS170 are compact machines and extremely user-friendly thanks to a forward and reverse setting,

which is ideal for small spaces. They are also designed for minimum noise and vibration levels and are therefore ideally suited to renovations at office buildings where office workers may still be present.

The electric track stripper is ideal for larger areas with carpet, lino or sports flooring. The "driver" sits on the stripper to easily operate

### DTS100 Floor stripper

#### Features

- Powerful motor (1500 W) with starting current limitation
- Easy to operate with forward and reverse settings
- Quiet motor
- Optimum safety provided by safety switch
- Easy to transport (handle and weights are removable)
- Various blades available

Article Nr.	Description	Contents
6610.0003	Dehaco DTS100 carpet stripper 230 Volt	p.pc.
6610.0009	Dehaco DTS100 carpet stripper 110 Volt	p.pc.
6610.0002	Blade DTS100 V-shape 250x60x1 mm	p.pc.
6610.0003	Blade DTS100 flat 250x60x1 mm	p.pc.

#### Technical details

- Voltage: 230 / 110 Volt
- Power: 1.65 kW
- Weight: 90 kg
- Working width: 250 mm
- Speed of stripper motor: 2840 rpm

### DTS170 Floor stripper

#### Features

- Powerful motor (1500 W) with starting current limitation
- Easy to operate with forward and reverse settings
- Quiet motor
- Optimum safety provided by safety switch
- Easy to transport (handle and weights are removable)
- Various blades available
